at (630) 420-6475

In District 203, students are the stars, and NEF often provides the power to launch them. “Building a Passion for the Arts” means providing more than just financial support. It also means appreciating that music, visual arts and theatre feed the mind and soul; understanding that we are choosing to see and hear with more than just our eyes and ears; and discovering what is unique in each of us, yet common to us all. Please come celebrate our students’ accomplishments!

**HARRIS
BANKS®**

Thanks to Harris Bank for sponsoring the Naperville Education Foundation Breakfast. As a result, the entire cost of your ticket will be applied toward enhancing educational opportunities for the students in Naperville Community Unit School District 203.

Thanks to a grant from the NEF, Naperville Central Humanities and Painting students recreated famous paintings by grid, allowing over 100 students to be part of what art teacher Anita Pope calls “Monster Masterpieces.” This is their version of Van Gogh’s “Starry Night.”
